“A declaration of future events, such as no human wisdom or forecast is sufficient to make – depending on a knowledge of the innumerable contingencies of human affairs, which belongs exclusively to the omniscience of God; so that from its very nature, prophecy must be divine revelation.” (M’Llvaine)

“To declare a thing shall come to be, long before it is in being and then to bring about that very thing according to the same declaration – this or nothing, is the work of God.”
